

FIA FORMULA E WORLD CHAMPIONSHIP ROUND 12 - SHANGHAI E-PRIX 2 - 5 JULY 2026

Decision no. 5

From: The Stewards
To: CUPRA KIRO

Date: 3 July 2026
Time: 18:53

The Stewards, having received a report from the Technical Delegate, having examined (video) evidence, have considered the following matter, determine the following:

Competitor: CUPRA KIRO
Session: Free Practice 1
Time (fact): 16:12 and 16:14
Fact: The charger operator of Car 3 and Car 33 did not wear the appropriate protective gloves whilst working on the cars during their pit stops.
Offence: Breach of Article 37.5.c of 2025/2026 FIA Formula E World Championship Sporting Regulations
Decision: Fine of 500 €
Reason: The footage showed that the same mechanic, when plugging in the charger to Cars 3 and 33 during their pit stops, was wearing Class-O electrical safety gloves but was not wearing FIA approved 8856-2018 gloves on top as required by Article 37.5(c) of the 2025/2026 FIA Formula E Sporting Regulations. The Team Representative explained that the mechanic was wearing FIA approved 8856-2018 gloves but they were underneath the Class-O electrical safety gloves. He explained the difficulty in fitting the FIA gloves over the Class-O gloves.

While accepting the Team's explanation, the wearing of the FIA gloves under the electrical gloves did not conform to the regulations which are intended to provide additional insulation to protect the charger operator's hands.
